Edna and Andy Anderson of Appomattox were sent string beans seeds from Japan by her sister, Sallie Lou Craddock of Virginia Beach. They were not sure the seeds would grow here but planted some in their garden anyway. Mrs. Anderson, Edna, is shown above holding just a few of the Japanese string beans. They range from 18 to 31 inches in length and she says she has cooked them and they are delicious.

MODERN-DAY SCARECROW - In a recent edition of the TIMES-VIRGINIAN, Father Darkleaf, Calvin Robinson, asked if anyone still used scarecrows in gardens to fend off unwanted critters. Shown above is a picture of a "modern-day" scarecrow given us from the garden of Mr. and Mrs. Raynard Turnes of Rustburg. It may not be "scary" looking but it surely has attracted a great deal of attention, according to Mr. Turnes.

The Old Brings In The New

8th grade tour guides are given last minute instructions by Mr. Vic Meadows, counselor and Mrs. Judy Dorety, SCA sponsor, as they prepare to orient new students to Appomattox Middle School. This tour is just one of the features in the registering of students at Appomattox Middle School for the 1978 - 79 school year. Other features include filling out forms for information, getting class schedules, and paying fees. Parents are also pleased to find that they can meet the teachers and counselors of the Middle School, whether it be on the tour or in paying fees. We, at the Middle School, feel this type of orientation is an excellent way to begin a new and exciting school year. Orientation of new students is coordinated by the counselors of the school, Mr. Victor Meadows and Mrs. Bolling Carter.
